# AWAKENED MANIFESTOR

*Since being enrolled in this mastermind and working closely with Alex my life has absolutely transformed and upgraded in so many areas.*

*One of my biggest shifts was resigning from the unconscious roles that I had taken on – the hustler & the people pleaser.*

*As soon as I resigned from these roles, everything changed. I got so aligned with who I am and as a result, I had my first 6-figure MONTH! Which to me still totally blows my mind how simple it actually was when I implement this stuff!*

**Char U Cvetkovski**  
Multiple 6 Figure  
Online Digital Marketer

*I can't begin to put into words how life changing this has been for me!*

*Massive internal shifts and so many energetic upgrades.*

*Alex, you OVER-deliver - to anyone who feels called to work with her, do it! She is an absolute game-changer!"*

**Kate Ruby Palmer,**  
Digital Marketer, Adelaide

*Seriously this morning routine has changed my life, business is moving so quickly, and the most amazing people are flowing into my life, it's all happening, it's insane!*

*And the 3-day live event was transformational. I can't believe the difference in me already.*

*I manifested & purchased my family dream home for \$275,000 LESS than the original market asking price and I randomly had a \$8,500 day yesterday."*

# THE AWAKENED MANIFESTOR

*"This has been BY FAR the best Mastermind I have ever attended. I have had so many insights, exposed to more of my true potential and found a gear that I didn't even know existed.*

*In the period of time I've been working with Alex, I've built an online business with that flourished past 6 figures within the first 6 months! This then allowed me to leave my full-time corporate job. I then attracted an \$80,000 contract client.*

*My relationship with my wife and kids has never never been better,*

*I started speaking all around Australia, selling out events across Australia.*

*I am literally living my dreams right now as a result of the work that I've implemented with her guidance.*

*I could not describe the joy that is literally flourishing out of me, for my love for Alex, what she teaches, and what her life calling is - to help people like me!*

*If you're thinking about working with Alex Tripod, I can assure you you don't need to think any further. If you're someone who's ready to take action and willing to implement the work, and you have a desire to be bigger & better than you've ever been before, Alex is your woman, she's amazing and she knows her shit!*

**- Alan Howle,  
Social Media Marketer,  
Speaker & Founder of 'Your Social Fire'**

*Alex Tripod is an activator! That's what she does! I've had more profound shifts in the last few months working with her that I have had in my entire entrepreneurial journey before it.*

*In fact, that in my ENTIRE LIFE before it!  
And I've launched a successful coaching brand in 8 weeks and moved from inconsistent months to multiple 5 figure months within months of working with her!!*

*So much respect and love for you woman!*
